FIRST SIGHT OF OUR NEW

2023 SAILINGS

Over the last few months, our Journey Planners have been working hard to put together an exciting new programme of sailings for 2023 and early 2024. The end result is that *Bolette*, *Borealis*, *Balmoral* and *Braemar* have a sailing schedule for next year we think you'll love, and while we're putting the finishing touches on our much-anticipated 2023-2024 brochure, we just couldn't wait and wanted to give you early sight of many of the fleet's sailings for next year.

Inside this brochure, you'll find details of a number of new sailings up to October 2023. What's even more exciting, with our new Launch Offer, we'll give you free on board spend, and if you choose to book a Suite, we'll double the amount.

To help you choose, we've highlighted a selection of the new sailings on the following pages, perfect for showing you the choice that's on offer. Take your pick from scenic or cultural discoveries; short breaks; escapes to the sunshine; those that are perfectly timed to coincide with local celebrations; or sailings that make the most of our wonderful smaller ships.

We've listed the new departures, along with the full calendar for 2022, on the back pages, so our programme is all in one handy place.

We can't wait to set sail on these adventures with you.
